Survey Evaluation Results

Dear Xintong Wang,

In the attachment you will find the evaluation results of the survey Quantitative Analysis.

Questionnaire CrseEval10:

The overall indicator is listed first. It consists of the following scales:

- Course Goals and Outcomes:
- Assessment
- Independent Thinking
- Learning Environment
- Online Course Specific Questions:
- Overall Evaluation

The overall indicator is followed by the individual average values of the scales mentioned above.
In the second part of the analysis the average values of all individual questions are listed.

If you have any further questions do not hesitate to contact the evaluation department.

Comments Report

7. Comments

7.1) **Please explain the extent to which you fulfilled your responsibilities as a student (e.g. keeping up on the reading, carefully planning and executing the work, preparing for participating in class, attending class). Also explain what else you could have done to improve your performance in this course. Limited to 2000 characters.**

- Completing all tasks assigned to me
- I kept up with the assignments and didn't miss any classes. I probably could've done more reading.

7.2) **Please state what you think are the strengths of this course and why you think so. Also, how do you think the course may be improved? Limited to 2000 characters.**

- Great class!
- This course goes over a lot of things in excel. Dr. Xintong is amazing ad she explains the content very well.
